It is easy enough to do it when we are corresponding with persons who have themselves been in China, but t write long and entertaining epistles to those who have not had for some years any common friends or topics with yourself is a labour which every one who has perform it really dreads. MISCELLANEOUS. Three hundred Bishops, many of them Ontholic, have declined the Pope's invitation to attend the Coumenical Council: A DESOLATE RIVER.—One feature of the For Freight, apply to rivers of Paraguay, and a very depressing one GIBB LIVINGSTON & Co to the traveller, is the absence of life from their banks. One steams up for league after league against the turbid stream, and no sign of man or his industry, or scarcely, indeed, of any living creature, is visible. Here and there an alligator is basking on a sand bank, and disappears, as the boat approaches, with a lazy plunge into the water; a few melancholy atorks watching with dreamy eyes for the chance of seizing an unwary fish; or a valture waiting with folded wings for the mangled remains of a capincho, are, perhaps, all one sees in a long day's journey, Seven Eventful Years in Paraguay. By George Frederick Masterman.
